Urban transition goal

- To promote sustainable city development in a cross-border cooperation
- Reduce the gap between what we say and what we do in relation to sustainable city development
- Use experimental and advanced collaborations methods and tools with stakeholders in “urban value chain” (municipalities, universities and businesses)
- The project will use the collaborative methods and tools to develop cross-border guidelines within the themes:
 - Planning processes,
 - Buildings
 - Financing

Urban Transition Forum

Den gränsöverskridande mötesplatsen för
hållbar stadsutveckling i Öresundsregionen

Den 29 maj leder projektet Urban Transition Öresund in till en inspirerande dag om hållbar stadsutveckling. Spännande presentationer från internationella och regionala nyckelpersoner kommer att blandas med workshopövningar där mötesdeltagarna får möjlighet att diskutera hur nya former av samarbeten och metoder kan främja övergången till en mer hållbar utveckling.

Datum: 25 maj 2012

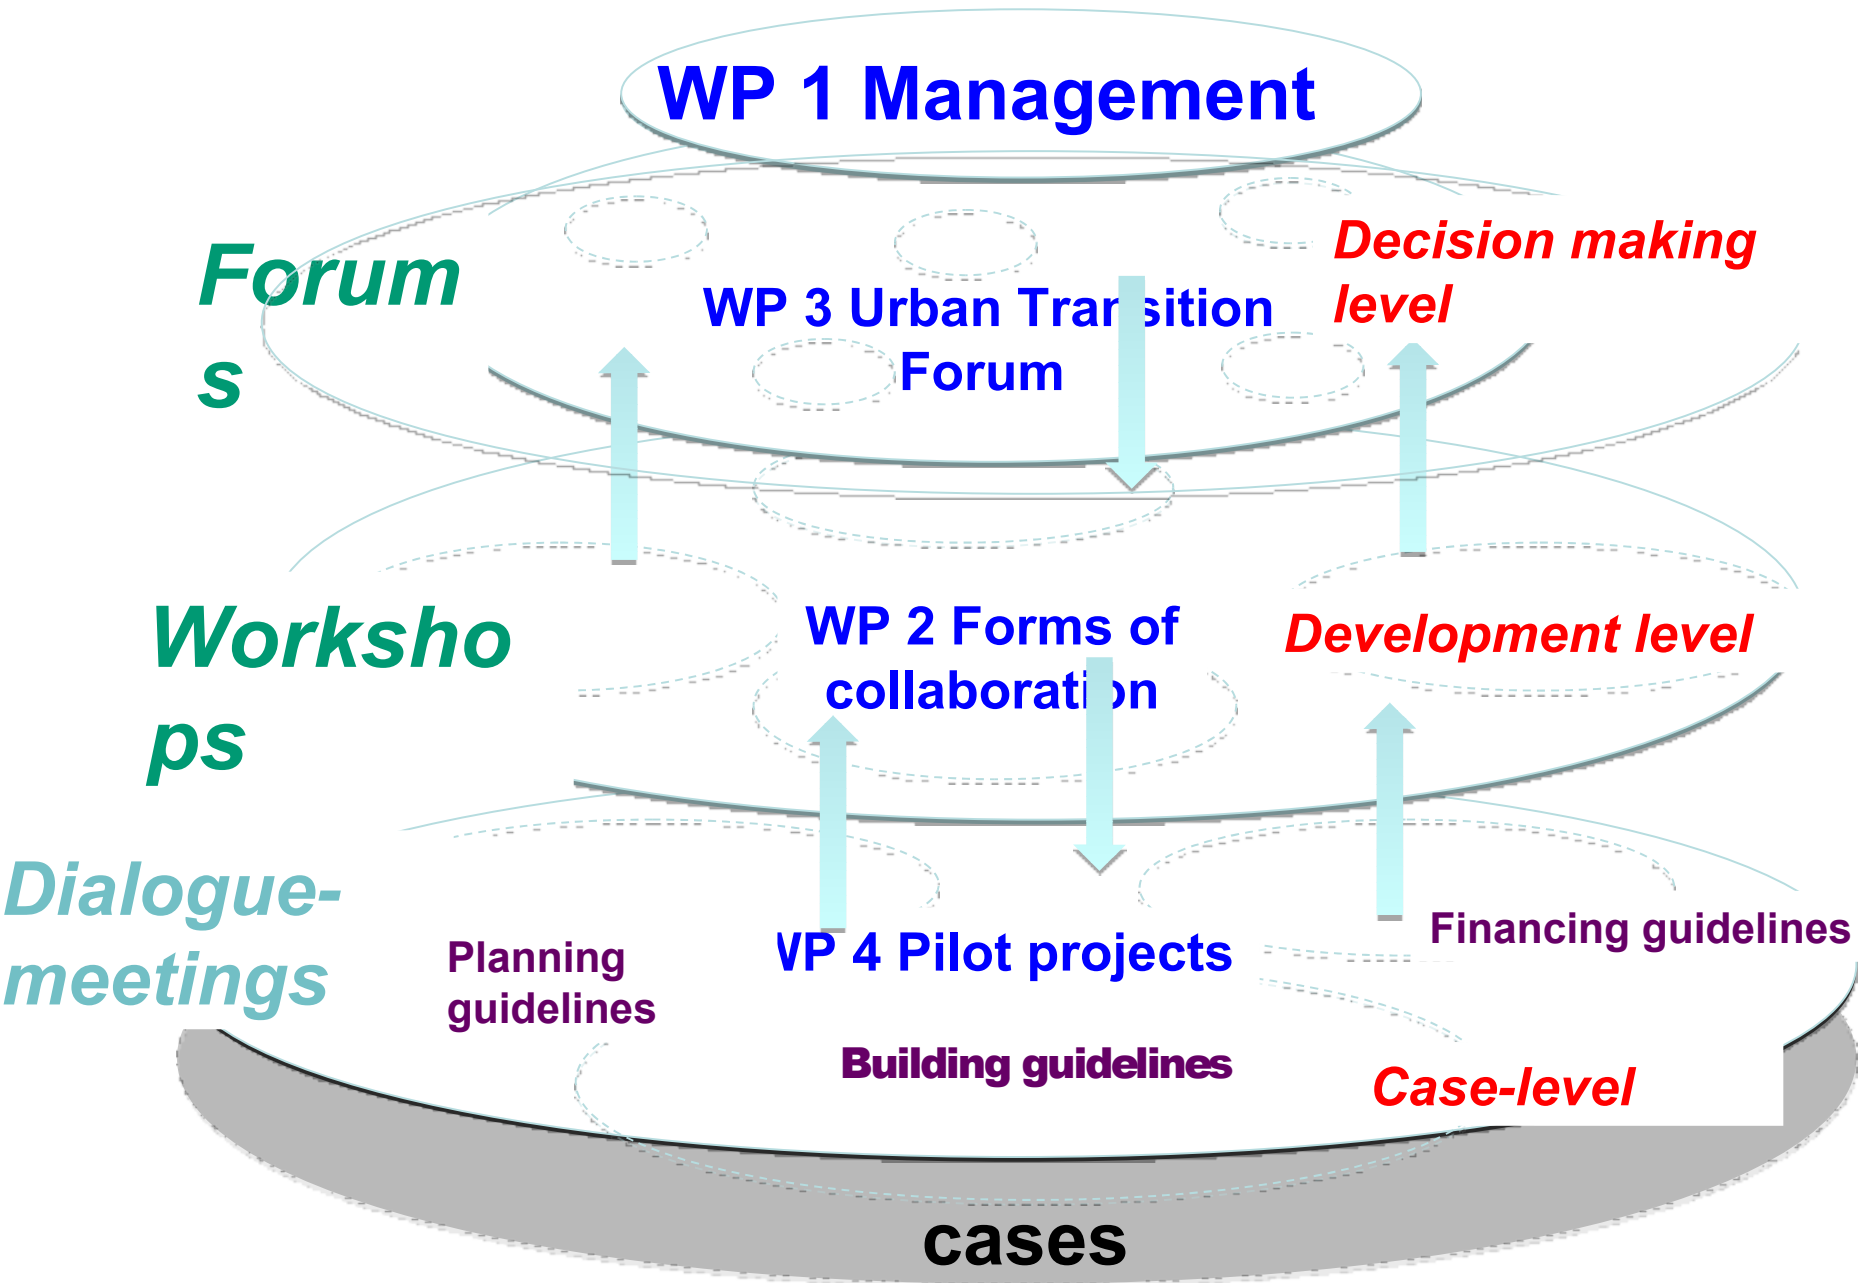

Tid: 9.00-14.30

Plats: KLP-huset i Ørestad, Köpenhamn

Boka dagen redan nu, program och mer information kommer inom kort!

Urban Transition Forum: A permanent arena in which sustainable city topics are challenged

Subject for further development

- ✓ Social media tools in urban planning processes,
- ✓ Methods for facilitating dialogues and meetings with developers, builders, citizens, and politicians, but also colleagues,
- ✓ Methods for facilitating, and running dynamic, open planning processes,
- ✓ Visualisation of scenarios, occurrences and long term effects of investments
- ✓ Value systems measuring “soft” values (the social),
- ✓ Methods for “prototyping the city”, small scale testing, design thinking in urban
- ✓ planning processes.
