

Workshop

Critical raw materials

Contact person

Dr. Duidold

Interested persons

see participation list

Main results/conclusions

economic, ecological + geopolitical issues  
discussion on roles + responsibilities - companies, politics, NGOs, consumers  
→ no agreement  
need for development of technology, business models, consumer  
awareness, short term versus long term thinking

Proposal for further activities

parallel development of a bundle of options → life  
cycle perspective!  
improve providing of information
